

## Kate Miller's Polar Research Expedition Featured on Green Scene

Posted on March 31, 2017 at 12:41 pm.

In this week's episode, Green Scene highlight's Washington-Lee High School teacher Kate Miller and her recent expedition to the South Pole with Jim Madsen and the Ice Cube Neutrino Observatory team.

This past winter, Miller participated as a research team member in an authentic scientific expedition in Antarctica, joining other K-12 teachers who worked in research locations from the Arctic Ocean to Antarctica. The program allowed teachers to experience first-hand what it is like to conduct scientific research in some of the most remote locations on earth.
